

Job profile

Company Information:

We are a logistics service provider that has been active since 1924. Our mission is to offer the best possible logistics solution based on honesty and respect for people and society. We want to be a logistics organization that:

- ♣...Always looking for the best sustainable solution
- ♣...Take our social responsibility
- ♣...We do what we say and we say what we do
- ♣...Love my job, I love my company

In addition to our own wheels, we also offer 3 and 4PL solutions. Our head office is located in Utrecht, where we work daily with an international team of 50 people to offer our customers the best possible logistics solutions. A fast-growing, dynamic and international organization where the success is highly dependent on a team of young, innovative and enthusiastic employees. The team specializes in efficiently planning 80,000 journeys and transports per year throughout Europe with a yield of more than 60 million euros. The biggest challenge lies in informing our customers, managing the carriers, analyzing data, improving and expanding our service for our customers
